BLACK TIE EDITOR

The breathtaking beauty of the ball and of the young women themselves risk obscuring the substance behind the Debutante Program of the Sarasota Orchestra, which is celebrating its 30th anniversary this year. The committee selects Debs based on character and achievement ... the girls and their escorts are the crème de la crème of our young people, remarkably accomplished for their scant years and destined to continue making their hometowns proud.

There was history as well at this year's event. One of the 26 post Debs present was Michelle McCarthy, who debuted at the first Sarasota ball. And it was a farewell appearance for Charlie Dee, the left Sarasota for Dallas the morning after the Dec. 17 party.

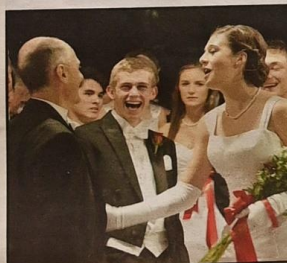

The beauty of it all also conceals the tremendous effort involved. Debutante Program President Robin Serbin, Vice President and ball Chairwoman Liz Berg and their committee have their work cut out for them, from the selection process that begins anew each January to the December transformation of the quonset-hut Sarasota Municipal Auditorium into a magical fairyland fit for princesses.
